

Senior Product Designer Durham, NC

Emily de la Mettrie

Experience

Silvur • Senior Product Designer contract, June '24–December '24

- Partnered with product teams to deliver high-impact retirement features like LP redesign, RMD calculator, and personalized homepage.
- Enhanced team workflows by optimizing Figma files for better collaboration and usability.
- Improved design-product-engineering feedback loops, ensuring regular design input and alignment.
- Advocated for user-centric designs to support users at every stage of their retirement journey.

Lightci Consulting • Senior Product Designer contract, Oct '23–Jan '24

- Led MVP design for an AI-powered EdTech app for a private school district.
- Built a reusable design system to accelerate development across future features.
- Balanced client needs with user-focused designs, delivering high-quality, consistent experiences.

Mission Lane • Senior Product Designer Apr '21–Sept '23

- Launched a credit line tracker that reduced delinquencies by 30% during high-interest periods.
- Created a 0-to-1 Settlements platform, improving customer self-service and reducing agent servicing time.
- Optimized pre-qualification flows through A/B testing and redesign, increasing conversions by 10%.
- Prioritized user needs while balancing compliance and risk factors in all design processes.

The Carpentries • Product Designer 2021

- Created a globally-used lesson template that boosted course efficiency and engagement.
- Led design from research to prototyping, establishing a cohesive system for accessible coding and data science education.

Action Design Network • Product Designer 2021

- Developed a fresh brand identity and responsive web presence for ADN, a nonprofit focused on behavioral design.
- Led user interviews, testing, client presentations, and prototyping, building a cohesive design system to enhance user experience.
